Day 2 of the 2008 NAS-TRACK Detroit 6 Day (Race recap by Dale Hughes)

Two OK scratch races that were 24 and 32 laps each but with so much watching the other guy both races were really 1 mile sprints - so just OK. The Miss & Out was good with intense racing every other lap so as not to get called out. It was won easily though by Team Green Cody Brown.

The real racing began right from the start in the Madison. Four sprints with double points on last sprint were up for grabs. Going into it Team Green was ahead with 27pts, followed closely by Team Red with 26pts, Team Pink in third with 19ps and Team Purple with 16pts.

Team Green won the first sprint followed closely by Team Pink then Team Neon. The second sprint was won by Team Pink (15yr old Nick Console's 1st sprint win) with Team Green in second and Team Red in third. The third sprint was won by Team Green again, followed by Team Pink and Team Red. Going into the final sprint worth double points Team Green had 53pts, Team Pink with 43pts, Team Red with 39pts, Team Purple with 23pts and Team Neon with 22pts.

Everyone was setting up their final push to the finish - it was fast and furious. Team Neon Matt Rose hammered off the front and won the final sprint worth 20pts. Team Pink closed the gap and finished second followed by Team Green and Team Red. But Team Green made their exchange after the line -NAS-TRACK Rule #3d states - no exchanges with one lap to go in the final sprint - so Team Green was relegated and lost 4pts. Team Green won with 59pts followed by Team Pink with 57pts.
