Team Black won the third sprint followed by Team euro and Team USA. Team Neon won the fourth sprint followed by Team Teal and Team Purple. Team Black won the final sprint worth double points followed by Team USA and Team Teal.

Team Black's Jackie Simes and Eric Barlavav dominated the sprints but more importantly powered their way to laps over the field. Team USA's Iggy Silva and Lanelle Rockmore and Team Red's Danielle DeFranceschi and Steven Meyer battled for second and counter attack Team Black. Team Neon's Luke Cavender and Tom Elias were in the mix and scored a nice sprint victory but couldn't match the continuing power of the Team ahead of them. But the bottom line was that Team Black was just having a great 3 Days of serious Madison racing success!

A secondary war was going on with Team Teal's Clark Sheean and Keith Harper and Team Purple's Andrew Armstrong and Brendan Benson and Team Ti Vince DeJong and Ryan Aitcheson. Team Euro was the youngest team in the race and showed they have stuff and are very good Madison riders. Team Pink's Cody Brown and Dena Eaton dug down deep both in effort and good sportsmanship also good Madison riders.

GREAT RACING by GREAT ATHLETES!
